

Missions Update

“Be the change you want to see in the world” – Mahatma Gandhi

Dear Brothers and Sisters,

Praise the Lord! We finished the first well in Tanzania at St. Sosthenes Secondary School. Three hundred fifty students, boys and girls, now have clean water and time to study instead of spending hours getting drinking water. They realize that the new well is as important as the air they breathe. Yet only 40% of this area's population has access to an improved water source. We can eliminate 85% of the disease caused by not having clean drinking water. Many more wells are needed, and the holiday season is the time to make that happen. **Please become a Water Hero**, and make a Christmas gift, large or small, to Tanzania Missions water project. Help us reach our matching goal of \$17,000. Each well can supply a village with water for 250 to 300 people. Right now we face a drought here, just think how you'd feel if you had no clean water at all. We need your help to continue the project. Thank you for the generosity. Love and trust, my prayers are always with you. Have a Blessed Christmas and Happy Holidays. May God Bless you with His love and good health.

In His Service,
Alex Haimanis
